

People Making a Difference in Education

*Faced with new mandates and rising costs, school districts seek ways to meet these challenges with fewer available resources.*

### A Sustainable Solution

The edPal Online edCenter provides K-12 school districts with a turnkey service that yields a sustainable, no-cost solution to issues of funding programs, complying with mandates, and ensuring teacher quality.

### Risk-Free Benefits

- edPal provides all technology and administrative services. No impact to district
- Risk-free way to generate locally controlled revenue and offer quality professional development
- University approved courses meet state mandates and local needs
- Online convenience saves time and money
- No added cost to districts

### Two Ways to Use the edCenter

#### 1. District edCenter

- edPal provides set up and ongoing management free of charge
- District agrees to promote and use courses internally

#### 2. Individual enrollment

- Participants/Programs enroll through existing edCenter
- No hassle or obligation
